

I just wanted to take a few moments to provide you with some feedback regarding the deplorable activities which occurred during halftime of the superbowl. While you condemn this activity, in reality you have caused it through your prior actions and inactions. The criticism which you express should be of your own organization. Please consider stricter enforcement of existing laws and;

1. Severely fine CBS.
2. Fine all stations which broadcast the display of nudity.
3. Reconsider prior rulings such as use of the F-word on TV.
4. Pull licenses when necessary.

Your inaction has taken our country down a slippery slope. Now is the time to stop the decline.

Respectfully,

Dave Ropponen
